EXPELLING JEWS.

A diepatch from S:. Petersburg says the expulsion of Jewish families from Kiev has begun. The total departures from that city up to Wednesday night were 300 proscribed families belonging exclusively to the poorest classes.

The expulsion is attended with har-rowing sights and in accordance with an order of the government that all Jews who cannot establish a legal claim to residence outside the pale return forthwith to the confines defined in the original Jewish segregation law. The pale was formed by the Polish provinces and the utraine.

The scenes in the streets of Kiev were affecting. The evicted ones were veritable paupers, lacking all means of sustenance. For the moment the Jewish families possessing some means were uadistarbed.

Throughout the day a st uggling train of wagons passed out the city gates carrying the miserable household effects of the banished. All was confusion. Sobbing women clinging to their little ones and sad-faced men were slike escorted outside the town limits and told to return to the places of their A different procedure is adopted to-

word the Jews who have some wealth. They, however, are jut to great expense, being obliged to go to their native t) was to secure new permits for a visit to Kiev on the ground of argent personal business. These permits are is ued for limited terms and so require frequent renewal at the mercy of the police officials. The authorities explain that part of the number being expelled are recent ar-rivals in Kiev, and that the explusion is an annual occurrence following the cutomary spring inflox of Jews from surrounding localities who are trying to gain a footbold in Kiev.

The authorities add that hereto'ore many of the incoming Jaws have succeeded in gaining a residence through connivance with minor police officia's, but this year strict orders have been given that each case be thoroughly investigated.

DEFENDS CATHOLIO MEXICO Diomede Falconio, papal delegate to

the United States, through his counsel, Mgr. B. Cerretti, auditor of the Apostolic Legation, took cognizance last night of an attack made upon Mexican Oatholics by Rev. John W. Butler, president of the Mexican National Sanday School Association, in a paper the Methodist missionary presented before the World's Sunday School Convention last Monday, in which he charged that the Bible in Mexico was a prohibited book among Catholics.

"Dr. Botler is incorrect," said Mgr. Oerretti. "It is impossible for bim to be correct in his representation. I readily concede that there are defects in the Ostholic Church in Mexico among bishops, priests and people, but this is true of averything human. I challenge comparison between Catholic Mexico and Protestant America, point by point, and in every instance I unreservedly claim the superiority of Catholic Mexico. Moreover, I maintain that Catholicism in Mexico compares favorably with

Oatho'iciem in the United Sie tee. "Dr. Butler's statement that it is difficult to obtain copies of the Haly Scriptures in Mexico is ridiculous in the

extreme." Chamberlain's Stomach and Liver Tablets will clear the sour stomach, sweeten the breath and cresto a heathy appetits. They promote the flow of gastric juice, thereby inducing good digestion. Sold by W. F. Oreighton & Oo. and Richard Gibsen.

VISITED BATTLEFIELDS. Twenty-six officers of the staff of the Army War College returned to Washlogton yesterday evening by rail from Bichmond, where they ended Wednesday a three weeks' tour on horseback through the battle fields of Virginia. The party traveled about 250 miles during this time, stopping a few days at each impostant battle field for a study of the military strategy involved in the campaigns. They were joined at Seven Pines and Savage Station last Saturday by Secretary of War Dickipson, who remained with them on a trip to Malvern Hill, returning Tues-

Another question concerning women, that of the constitutional organization of mission unions in presbyteries, was referred to an ad interim committee with instruction to report at the next general assembly.
